U.S. Student

**PLEASE READ THESE INSTRUCTIONS CAREFULLY.**

To apply for financial aid, follow these simple steps by the dates specified.

- Step 1:** Complete the **Free Application for Federal Student Aid (FAFSA)** on-line by **March 2, 2012** at [www.fafsa.gov](http://www.fafsa.gov). Use estimated tax information if necessary. If you filed your 2011 federal taxes prior to completing your FAFSA you are encouraged to use the "IRS Data Retrieval" option available on the FAFSA website to fill in all of the tax-related questions.
  
- Step 2:** Send a completed **Confidential Family Financial Statement (CFFS)** to the Financial Aid Office by **March 2, 2012** (postmark deadline). Use estimated tax information if necessary.
  
- Step 3 (if applicable):**  
This step is only for students who are residents of California and who are going to be a freshman or sophomore in 2012-13 and who currently do not have a four year Cal Grant award. In addition to completing the FAFSA by March 2, 2012, these students must also submit a **Cal Grant GPA Verification Form** to the California Student Aid Commission by **March 2, 2012** (postmark deadline)<sup>1</sup>.
  
- Step 4:** All aid applicants must send a signed copy of parents' and student's **2011 federal tax return** to the Financial Aid Office at Thomas Aquinas College by **April 17, 2012** (postmark deadline)<sup>2</sup>;
  - Sign the copy of the tax return (or make a copy of a signed return). **Be sure to attach:**
    - All W-2s, schedules and attachments sent to the IRS;
    - All SSA-1099s (Social Security Benefit Statements) for parents and all dependents within the family (if applicable); and
    - All Form K-1s (Partner's / Shareholder's / Beneficiary's Share of Income, Deductions, Credits) issued by any partnerships, corporations and trusts (if applicable).
  
- Step 5:** If you used *estimated* tax information when completing your FAFSA in Step 1, later, after you have completed your tax return, use your completed tax return to **make any necessary corrections to your FAFSA by May 17, 2012** at [www.fafsa.gov](http://www.fafsa.gov). If you filed your taxes electronically, we encourage you to use the "IRS Data Retrieval" option on the FAFSA website to correct all of the tax-related questions. Note: It takes approximately two weeks after you have filed your taxes electronically for the IRS data to become available for download through the FAFSA website. Data from paper tax returns will take longer to become available through the FAFSA website.

**Detach this page and keep for reference.**

## FINANCIAL AID DEADLINES FOR INCOMING FRESHMEN

Incoming freshmen must submit the FAFSA, CFFS and Tax Returns by their respective due dates (FAFSA: March 2<sup>nd</sup>, CFFS: March 2<sup>nd</sup>, Tax Return: April 17<sup>th</sup>) or 30 days after acceptance, whichever is later. California residents, however, must complete their FAFSA and Cal Grant GPA Verification Form by March 2, 2012 in order to be considered for a Cal Grant. This is a firm deadline for the Cal Grant.

## PENALTY FOR LATE APPLICATION

An applicant who submits a FAFSA, CFFS or Tax Return after its respective deadline but not more than 30 days late will have his institutional aid reduced by \$500. He must compensate for this difference by borrowing \$500 more than the usual loan amount. Any application more than 30 days late, as well as any incomplete application, will not be accepted. In this case the student will not be eligible for any institutional financial aid.

## COMMON ERRORS TO AVOID WHEN COMPLETING THE FAFSA

Student's work-study wages: Work-study wages (Service Scholarship wages) are taxable wages. As such, they must be included on FAFSA line #38 ("How much did you earn from working in 2011?") and as an exclusion on FAFSA line #43c ("Taxable earnings from need-based employment programs") and, if you filed a tax return, as part of FAFSA line #35 ("What was your adjusted gross income for 2011?")

College Savings Plans and Educational Benefits (e.g., Coverdell savings accounts, 529 college savings plans and the refund value of 529 prepaid tuition plans): For a student who must report parental information on the FAFSA, qualified college savings plans and educational benefits are reported as *parental* investments on FAFSA line #89, ("net worth of parents' investments") including all accounts owned by the student and all accounts owned by the parents for any member of the household. For a student who does not have to report parental information on the FAFSA, accounts owned by the student (and/or the student's spouse) are reported as *student* investments on FAFSA line #41 ("net worth of student's investments").

Parents' pre-tax contributions to retirement plans: Certain sources of parents' untaxed income must be reported on the FAFSA. For example, payments to tax-deferred pension and savings plans (paid directly or withheld from earnings), including, but not limited to, amounts reported on the W-2 Form in Boxes 12a through 12d, codes D, E, F, G, H and S, are reported on FAFSA line #92a ("Payments to tax-deferred pension and savings plans").

## CAL GRANT APPLICANTS

The California Student Aid Commission encourages Cal Grant applicants to maintain a photocopy of the FAFSA and the Cal Grant GPA Verification Form and to obtain a "certificate of mailing" (\$1.15) in order to document the timeliness of mailing. Certificates of mailing are available at the Post Office. For on-line FAFSA applications, a printout of the "confirmation" page, along with the application confirmation number, provides proof of timely submission of the FAFSA. The status of a Cal Grant application can be checked at [www.webgrants4students.org](http://www.webgrants4students.org).

<sup>1</sup> Freshmen and Sophomores in 2012-13 (Classes of 2016 and 2015): Since you have fewer than 24 college credits from Thomas Aquinas College as of spring 2012, you must submit a high school GPA or a qualifying GPA from another college. The **Cal Grant GPA Verification Form** is available on-line at [www.webgrants4students.org](http://www.webgrants4students.org). Click on "How to Apply for a Cal Grant Award."

If you were denied a Cal Grant in 2011-12, you may be eligible in 2012-13, so be sure to submit a Cal Grant GPA Verification Form by March 2, 2012. If you currently have a Cal Grant there is no need to submit a new GPA form to renew your Cal Grant; you must, however, file a FAFSA to document your continued need.

Juniors and Seniors in 2012-13 (Classes of 2014 and 2013): You do NOT have to submit a Cal Grant GPA Form because the College will submit your Thomas Aquinas College GPA for you electronically.

<sup>2</sup> If a parent or student has applied for an extension to file a 2011 tax return, send a signed copy of IRS Form 4868 (application for extension) to the Financial Aid Office by April 17, 2012 along with a copy of all 2011 W-2 forms. Send a signed copy of your 2011 tax return when it is completed. You must correct your FAFSA after completing your tax return. We encourage you to use the "IRS Data Retrieval" option on the FAFSA website to correct the FAFSA's tax-related questions.

**Section A – Direct Costs for 2012-2013**

Tuition	<b>\$23,600</b>
<u>Room and Board</u>	<u><b>\$7,800</b></u>
<b>Total Direct Costs</b>	<b>\$31,400</b>

Information regarding other indirect expenses, such as book expense, pocket money, etc. can be found in the financial aid handbook and on the College's website.

**Section B – Student's and Parents' Proposed Payment toward Tuition, Room and Board**

Thomas Aquinas College receives no campus-based subsidy from Church or State. It relies rather on the good faith effort of its students and their parents to pay as much as they are able toward the cost of the student's education. Students and parents are expected to make a maximum effort to cover the costs of tuition, room and board from their own resources. Each year the College seeks charitable contributions from individuals and charitable foundations to make up the difference between what families are able to pay and the actual cost of education.

**The questions in Section B ask you and your parents to generously and prayerfully consider how much you are able to pay toward your cost of tuition, room and board at Thomas Aquinas College.** The Church urges the Christian faithful to be generous in their support of apostolic works, including Catholic education, and to provide for the sustenance of those who carry out these ministries (cf. Canon Law 222, 800.2). Many families include what they pay toward Catholic education as part of their charitable giving.

In order to maintain fairness and equity, the Financial Aid Office also uses a uniform need-analysis formula to make a more mathematical determination of each family's payment responsibility. If a family's proposal exceeds the figure determined by the need-analysis formula, the Financial Aid Office will gratefully assemble a financial aid package that fits with the family's payment proposal. On the other hand, if the need-analysis formula indicates a payment that is larger than the family's proposal, the financial aid package will be determined by the need-analysis formula.

**Section D – Vehicles and Financial Assistance**

(Complete this section only if the student is requesting permission to have a vehicle on campus during the school year.)

It is expected that a student who is requesting financial assistance from the College will not have the available means to operate and maintain a vehicle while living on campus, since he and his parents are making a maximum effort to pay for his education and they find it necessary to request financial assistance from the College.

Obviously there are exceptions to this rule, as when two or more students from the same family are able to reduce their transportation expenses by driving to and from school rather than flying, but for the most part, the College expects that students who are requesting financial assistance will not have the available means to operate/maintain a vehicle during the school year. Any exceptions must be approved by the Director of Financial Aid.

If you plan to ask for permission to have a vehicle on campus, please list your anticipated vehicle expenses in the table below and explain below how you will earn or save enough money during the school year to offset the expense of purchasing, insuring, operating and maintaining the vehicle.

**Section E – Supplemental Information Regarding Parents’ 2011 Income and Benefits**

**UNTAXED INCOME AND BENEFITS  
FROM SOCIAL SECURITY, SSDI, SSI and WELFARE BENEFITS**

Questions 10 and 11 ask about Social Security benefits. Question 13 asks about untaxed benefits received from (a) Social Security Disability Insurance (SSDI) and (b) Supplemental Security Income (SSI) as well as other resources. For your reference, here is a brief description of each of these programs.

**Social Security**

Social Security is a retirement program that is funded through dedicated payroll taxes called the Federal Insurance Contributions Act (FICA). Social Security is not based upon the needs of the participants but rather how much and how long the participants pay into the system. Eligibility for benefits upon retirement depends upon age and length of employment. When a person who has worked and paid Social Security taxes dies, certain members of the family may be eligible for survivor's benefits.

**Social Security Disability Insurance (SSDI)**

Social Security Disability Insurance (SSDI) is a disability insurance program that is funded through FICA taxes. It is based on your work record. To be eligible for this disability insurance, you must have worked at least five out of the last ten years before you became disabled. If you've paid in enough, children under 18, adult disabled children, and your spouse, may be able to receive benefits.

**Supplemental Security Income (SSI)**

Supplemental Security Income (SSI) is a program financed through general revenues. There is no requirement of prior work for SSI. You only have to be disabled and meet the income and resource requirements as it is a need-based disability program. There are absolutely no dependent payments for SSI. You only receive benefits if you are the disabled person.

All three programs are administered by the Social Security Administration.

**2011**  
(Jan. 1 – Dec. 31)

- 10. Untaxed Social Security benefits received by parents**  
(Form 1040, line 20a minus 20b; Form 1040A, line 14a minus 14b) ..... \$ \_\_\_\_\_ .00
- 11. Untaxed Social Security benefits received by, or for the benefit of, other household members who are reported in Section G of this form** (e.g. children or older relatives living with your family) ..... \$ \_\_\_\_\_ .00
- 12. Any other income resource not reported on the FAFSA or CFFS**  
(e.g., SSDI or SSI benefits for any member of the household, welfare benefits, Temporary Assistance for Needy Families (TANF), support from family, friends, church, etc.) ..... \$ \_\_\_\_\_ .00

**CHANGES IN GROSS INCOME FROM 2011 to 2012:**

- 13.** Will your 2012 gross income (taxable + untaxable income) be greater than your 2011 gross income by \$5,000 or more?  Yes  No  
If yes, please indicate the amount of the anticipated increase: My 2012 gross income will be \$ \_\_\_\_\_ more than in 2011.
- 14.** Will your 2012 gross income (taxable + untaxable income) be less than your 2011 gross income by \$5,000 or more?  Yes  No  
If yes, please indicate the amount of the anticipated decrease: My 2012 gross income will be \$ \_\_\_\_\_ less than in 2011.

**Note: If your gross income in 2012 will be less than in 2011, and you want the Financial Aid Office to take the decrease into account when determining financial aid eligibility, then you must provide documentation of your decreased income (e.g., a brief letter of explanation with a paystub showing year-to-date income totals).**

**Section G – Family Member List, School List, and College Costs**

17. List the name, age and relationship to you (the student) of the family members in your parents' household. Include:
- You (the student), even if you do not live with your parents.
  - Your parents (In the case of divorced or separated parents, the noncustodial parent is not included here, but is listed on the Noncustodial Parent Statement – see question #20 on this CFFS.)
  - Your parents' other children, if your parents will provide more than half of their support from July 1, 2012 through June 30, 2013.
  - Your parents' unborn child, if that child will be born before July 1, 2013 and your parents will provide more than half of the child's support from the projected date of birth through the end of the 2012-2013 award year (June 30, 2013).
  - Other people, if they live with and receive more than half of their support from your parents at the time of application and will continue to receive that support from July 1, 2012 through June 30, 2013.

To determine whether to include children in the household size, the "support" test is used (rather than a residency requirement) because there may be situations in which a parent supports a child who does not live with the parent, for example, if the parents are divorced or separated. In such cases, the parent who provides more than half of the child's support may claim the child in his or her household size. It does not matter which parent claims the child as a dependent for tax purposes.

Support includes money, gifts, loans, housing, food, clothes, car payments or expenses, medical and dental care, and payment of school costs. If your parent receives benefits such as Social Security or Temporary Assistance for Needy Families (TANF) payments, in the child's name, these benefits ought to be counted as parental support of the child.

If there are more family members than rows available, list first those who will be in college. List the others in Section K.

If any of these family members attended school (elementary school, secondary school, homeschool, or college) in 2011-12, or will attend in 2012-13, please provide the name of the school or college in the appropriate column.

If any of these family members attended college in 2011-12 or will attend college in 2012-13, indicate the amount parents paid for college in 2011-12 and the amount parents expect to pay for college in 2012-13 in the appropriate column. The Financial Aid Office may request documentation of these expenses.

**When reporting the parent payment for family members attending college, include parents' payments that go toward:**

- (1) Tuition/fees, (2) Room and board if the child lives away from home, (3) Books, and (4) Transportation.**

**Do not include any amount paid with student financial aid or any amount paid by the student from his own resources. Do include amounts paid with parent loans.**

Expenses for elementary school, secondary school and homeschool are not reported here. Those expenses are reported later in Section J.

A signed copy of the noncustodial parent's (and spouse's) **2011 federal tax return** must also be submitted, complete with all W-2s, schedules, attachments, SSA-1099s and any K-1s.

**Section J – Parents' Special Circumstances (OPTIONAL)**

This section is **OPTIONAL**. It is not required that you complete Section J.

This section asks about special circumstances which may impact a family's ability to pay for college. If you wish to have these circumstances taken into consideration when determining your son's or daughter's eligibility for need-based financial aid, please answer the questions listed in this section. As always, all information reported to the Financial Aid Office is kept in the strictest confidence. If you prefer not to complete this section, skip to Section K.
